Report of Board of Education.

To the Inhabitants of the Town of Danville :

Your Board of Education respectfully submit this report of the schools under their charge for the year ending August 1, 1899.

We feel well satisfied with the progress of our schools, considering the length of the school year and the existing conditions. On the whole they are superior to those of a few years ago.

The attendance for this year has been exceptionally good. Our roll of perfect attendance compares very favorably with that of other towns, and for this we wish to thank our pupils. This shows that both pupils and parents are interested in the school work, and we are glad to have the parents support the teachers in this way. The list of visitors also shows that parents are taking more interest in the schools than formerly.

We have, with one exception, kept the same teachers, as we believe this is an advantage to the schools.

We ask that any suggestions may be made directly to the school board. Let us be sure that they are for the good of the schools, and your school board will be glad to receive them.

Roll of Perfect Attendance.

Names of pupils not absent or tardy during the term and for the year.
